BBI TRANSPORTATION BRINGING NEW JOBS TO OBETZ

Investment Underscores Columbus Region's Competitive Logistics Edge

Columbus, Ohio – BBI Transportation, a leading carrier in trucking services, is announcing a new investment in Obetz. This expansion will result in the creation of 105 new jobs, with a total annual payroll of \$5.9 million. The office space and terminal will serve as a regional headquarters for BBI Transportation, enhancing their operations and allowing the company to better serve its clients across the Midwest and Southeast regions of the United States.

With an investment of \$6.25 million, the new Obetz project will strengthen BBI Transportation's footprint in the Columbus region. The facility is designed to streamline the company's fleet operations and improve efficiency, supporting their growing client base and future expansion plans.

"BBI Transportation is excited to establish strong relationships, with both existing and new customers, within the Columbus market," said Brent Bosse, President & CEO of BBI Logistics. "This new investment not only reflects our commitment to growth and innovation in the logistics sector, but also instills our confidence in the Obetz community and what they have built."

The 105 new jobs, which range from office roles to driver positions, will enhance the local workforce and contribute to the area's continued development as a logistics hub. Hiring is set to begin immediately.

"The creation of 105 additional jobs in Obetz is great, but the benefits extend beyond employment," said Obetz Mayor Angela Kirk. "Their investment in our community demonstrates confidence in our efforts to support their ever-growing organization, BBI could have gone anywhere, we are happy to welcome them to their new home in the city of Obetz."

The Columbus Region has established itself as a premier logistics hub in the United States, thanks to its strategic location, robust infrastructure, and access to major highways, railways, and airports. Positioned within a one-day drive of nearly half of the U.S. population, the region offers unparalleled connectivity for companies looking to optimize their supply chains and distribution networks.

"BBI Transportation's decision to invest in Obetz is a clear indication of the Columbus Region's competitive edge in logistics and distribution," said JobsOhio President and CEO J.P. Nauseef. "This project will not only support the company's growth but also strengthen the regional economy by creating new jobs and enhancing the capabilities of one of Ohio's key industries."

###

About BBI Transportation

BBI Transportation, Inc is an asset-based trucking company located in Columbus, OH. We have a diverse selection of equipment including dry vans, reefers, flatbeds, tankers, etc. Over the next few years, we are looking to grow our national footprint to 5-10 terminals across the US. This will help strengthen our overall position in the logistics and transportation industry by being able to place assets based on our customer's needs.
